General Provisions (continued)

Dispute Resolution – Arbitration

This Agreement requires binding arbitration if there is an unresolved dispute between the Agreement Holder and the Administrator concerning this Agreement (including the cost of, lack of or actual repair or replacement arising from a Mechanical Breakdown). Under this Arbitration provision, the Agreement Holder gives up your right to resolve any dispute arising from this Agreement by a judge and/or a jury. The Agreement Holder also agrees not to participate as a class representative or class member in any class action litigation, any class arbitration or any consolidation of individual arbitrations. In arbitration, a group of three arbitrators (each of whom is an independent, neutral third party) will give a decision after hearing the Agreement Holder and the Administrator positions. The decision of a majority of the arbitrators will determine the outcome of the arbitration and the decision of the arbitrators shall be final and binding and cannot be reviewed or changed by, or appealed to, a court of law. Any dispute on the application of this arbitration provision will be made by the local court of law in the county and state where the Agreement Holder lives. Notwithstanding this arbitration provision, the Agreement Holder is not prohibited from bringing an action in Small Claims Court to resolve your dispute.

The Consumer Arbitration Rules of the American Arbitration Association (www.adr.org) will apply to any arbitration under this Agreement. To start arbitration, either the Agreement Holder or the Administrator must make a written demand to the other party for arbitration. This demand must be made within one (1) year of the earlier of the date the Mechanical Breakdown occurred or the dispute arose or the applicable statute of limitations period, whichever is longer. The Agreement Holder and the Administrator will each separately select an arbitrator. The two arbitrators will select a third arbitrator called an “umpire.” All costs and expenses of the arbitration will be shared equally by the Agreement Holder and the Administrator. Unless otherwise agreed to by the Agreement Holder and the Administrator, the arbitration will take place in the county and state in which the Agreement Holder lives. The procedural rules for arbitration shall be governed by the Federal Arbitration Act (9 U.S.C.A. § 1 et. seq.) and not by any state law concerning arbitration. The rules of the American Arbitration Association (www.adr.org) will apply to any arbitration under this Agreement. The laws of the state of Illinois (without giving effect to its conflict of law principles) govern all substantive matters arising out of or relating to this Agreement and all transactions contemplated by this Agreement, including, without limitation, the validity, interpretation, construction, performance and enforcement of this Agreement.
